AIR DISTRIBUTION EQUIPMENT

# FIX GRILLE

## Application

Fix Grille are suitable for sidewall, sill or duct mounting. For aesthetic reasons, these return air grilles match the appearance of the supply air grilles and diffusers type.

## Technical Information

Fixed horizontal fins and sometimes using fins with 30° deflection and indent to match the corresponding supply air diffusers. Large free area around 80% reducing pressure loss and noise.

## Construction

- Frame : High Quality extruded aluminium with standard finish natural anodized.
- Fixed Fins : High Quality extruded aluminium with standard finish natural anodized.
